

**Guideline for:
Re-Certification NDT Level 3
in accordance with EN 4179 / NAS 410**

[Re-certification Interval 5 Years]

Requirements for Level 3 re-certification are defined in Standard EN 4179/NAS410. The current employer issues the certification document.

Caution:

- This flow chart doesn't include the steps if a Level 3 performs the duties of a Level 2
- If Level 3 tasks includes Level 2 duties (Processing and/or acceptance/rejection of parts or products) a practical examination as for a Level 2 is required and a valid eyetest certificate must be supplied.
